Michael Baldwin, M.S.

Arctic FASD RTC Affiliate Faculty Member

Michael Baldwin has worked as a behavioral health clinician and advocate for children, adolescents, adults and families affected by the consequences of FASDs for nearly 20 years. For seven years, he coordinated a multi-disciplinary FASD Diagnostic Clinic and Prevention Program. Mr. Baldwin will present two lectures. The first talk will focus on the relationship between FASDs and suicide ideation, attempts, and completion. The second

lecture will provide information about adapting mental health practices for individuals with FASD. Mr. Baldwin will address these topics from his experience as a clinician and based on research data he has collected over the last decade.
